Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Wednesday 27 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wet, windy and mild.

Today:
Rain for many first thing and persisting for much of the day, with some heavy bursts over the higher ground, leading to the risk of flooding. Mostly dry, but largely cloudy across the far south. Remaining windy but also mild. Maximum temperature 17 deg C (63 deg F).

Tonight:
Rain continuing across Cumbria tonight with further heavy outbreaks at times. Further south mainly dry but cloudy throughout. Remaining mild with winds easing slightly. Minimum temperature 12 deg C (54 deg F).

Thursday:
Rain slowly pushing southeastwards through Thursday. Feeling a little cooler than Wednesday but remaining cloudy. Maximum temperature 15 deg C (59 deg F).

Outlook for Friday to Sunday:
Remaining unsettled and breezy to end the working week with further outbreaks of rain, heavy at times. Drier and feeling fresher on Saturday, with another band of rain arriving Sunday.
